

Boarding Agreement

A typical day of 24 hr boarding at Barks would entail 12 hours of interactive daycare, running, socializing with their pals from 6 am to 6 pm. **Weeknights** from 6pm to 7pm your dog will go into his/her kennel, to rest and eat dinner.

At 7pm until 10pm all dogs will be back out to partake in our evening play sessions. During the overnight hours from 11pm to 6 am each dog will have the comfort of his/her own personal condo. The weekends consist of active social pack fun from 8am-3pm, followed by a mid day rest. At 7pm all dogs will once again be together for a little romp n' roll during evening play time. Come 10pm your dog will be tucked in and kissed goodnight, each in their own cozy condo. Kennels/condos are built with your dog's safety, comfort and happiness in mind. Each Kennel is 24 sqft to 36 sqft all are open air and each one themed – They can sleep in Venice, Paris, Waikiki, or Whistler, a room with a view ☺
